

WE HAVE A DREAM: A WORLD WITHOUT RACISM

February, 2023 - What Is Happening In South Baltimore Community Land Trust?

We began with prayer.

We were pleased to welcome Dr. Meleny Thomas, Executive Director of South Baltimore Community Land Trust who shared the status of the work they are doing to ready the purchased lots for building and renovation. We congratulated her on the degree she received last year: Doctorate of Philosophy in Public Policy and Administration with a specialization in Nonprofit Management and Leadership. We thanked those who contributed to the Racial Equity Fund to help with the goal of affordable housing.

Since there wasn't much time to discuss the video we viewed at church last month, the conversation between Father Bryan Massingale, an Ethics Professor, and Robert P. Jones, the author who wrote White Too Long, facilitated by Joan F. Neal, attendees discussed the impact.

We did not schedule a meeting for the 3rd Wednesday in March so we could support *Enlarging the Tent* at St. Vincent's at 7 pm.

We ended with prayer.
