

## WE HAVE A DREAM: A WORLD WITHOUT RACISM - MAY, 2023

We opened with a prayer.

We met on May 17th in person at St. Vincent's to hear Dr. Matthew Taylor speak on Christian Nationalism. He enlightened us on the origin of the movement and the frightening power it has. His presentation traced much of the history and major players showing how we arrived at today's polarization. He showed us the depth and breadth of the intentional plan to make this a Christian nation, excluding others.

Dr. Taylor answered many questions and we all left much more aware of our country's reality of one more type of exclusion.

We will meet on June 21st on zoom.

We closed with a prayer.
